

Gender	How old are you?	Student at HFA	Do you pick up your child from school?	How do you get from school?	How long does it take you to get picked up from school?	How does the traffic during pick-up times effect you?	What or who do you think the problem is?	How do you think traffic can be improved?	Do you have any other comments?
Female	13	Student at HFA	Yes	Drive	5min	It doesn't	Nobody	More space	No
Male	14	Student at HFA	No	bus	1 hour	It be slow and my mom have work so i Dont be home on time sometimes	Im not sure	Its can unless we get out early	No
Female	41	Parent of a Student at HFA	I pick her up	5 minutes	Some parents don't care if they block you in & won't move until there child comes out and get in.	The school is located on busy streets. The lot attached to the school is small and those CCS Busses shouldn't be staged on the same small lot.	Someone should be out their to direct the cars that feels like it's okay to block you in to keep it moving and to stop parking on both sides at the end of the drive way where we exit.	The traffic picking up my child is horrible. I have to be there at 2:30 everyday to get a parking space.	
Male	24	Teacher at HFA	No	I don't have children	Don't have a child	It's not too bad. It slows the ride down a little, but not bad when leaving.	I think there is ample room to pick and drop off students.	?	;)

Female	15	Student at HFA	Yes	A car or bus	30 min	Not alot, probably 5 minutes	To much going on at one time	By having different times for kids being let out	No
